The all NEW PuqPress Q2 Auto Tamper

In this highly competitive industry, why take the risk of less-than-perfect shot extraction?

Today's industry standards demand perfection and consistency, which simply isn't guaranteed by sophisticated grinders and fancy espresso machines alone.

The unparalleled engineering and state-of-the-art design of the Puqpress automatic tamper ensures perfectly compressed coffee grounds and a precisely level tamp - every time. Puqpress is one of the fastest growing barista tools in the world and has already taken the Australian Speciality Coffee Industry by storm!

The new Q2 Puqpress automatic coffee tamper offers the latest in precision technology to provide a consistent tamping experience for every cup of coffee.
