

MFC® POWDER BLUE

ALKALINE MILK FROTHER CLEANER POWDER

CLEANS AND SANITISES

MFC® Powder Blue is formulated to clean automatic coffee machine milk lines and frothers. Regular use of MFC® Powder Blue will not only clean the milk system but also remove milk-stone from the lines and system components. Alternating cleans with MFC® Powder Red will provide an all-over clean for all milk components.

RAPID DISSOLUTION

Quickly dissolves with warm water to make a low foaming cleaning solution.

ECONOMICAL

Just 10g (3 scoops) needed for each clean.

HIGH PERFORMANCE

Provides excellent milk fat removal along with control of scale build up in automatic milk frothers. MFC® Powder Blue also leaves no trace of odour after rinsing.

Cafetto® is proud to be certified by independent globally-recognised industry bodies

RECOMMENDED FOR

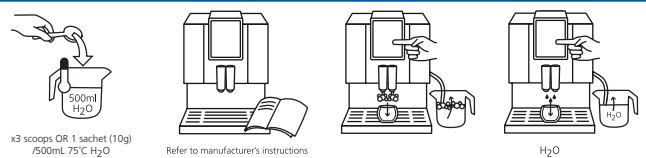

Daily use on machines and equipment with high volume milk use.
Daily use will prevent a blocked milk system.

HOW TO USE

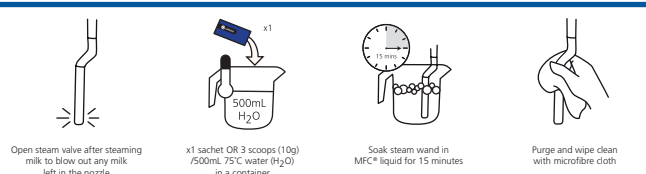

TO CLEAN MILK LINES AND FROTHERS

- Flush milk out of system with 500mL of fresh water.
- Add 10g (3 scoops) to 500mL (2 cups) warm water (75°C) in a container or jug.
- Stir until powder is completely dissolved.
- Flush the entire solution through the milk system following the machine manufacturer's cleaning instructions.
- Once the solution is dispensed, rinse the container. Fill the container with 1 litre (4 cups) of clean water and flush through the milk system to thoroughly rinse.
