

Bellman Stovetop Espresso Maker & Steamer

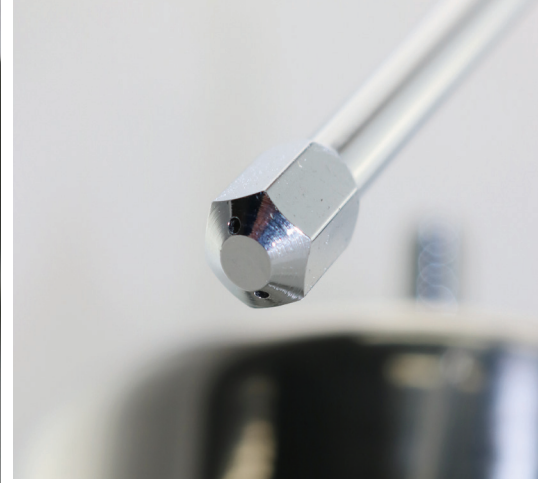

The Bellman CX25P Stovetop Espresso Maker and Steamer gives you a delicious, rich espresso and beautifully steamed, silky milk.

Featuring a strong 18/10 stainless steel body, the CX25P is extremely durable and versatile, being suitable for gas, induction, and electric stovetops, or even on a campfire. Its steam wand with dual hole nozzle creates smooth, textured milk, perfect for latte art.

The CX25P features a pressure gauge that lets you know exactly when the pressure has built up enough to brew a balanced espresso shot, and when to finish the extraction.
