**NEW**

**PRISM Hand Grinder**  
MSA-2-B

The Hario PRISM Aluminium Alloy Coffee Mill features a solid aluminium alloy body and an easy-grip square shape for stable coffee grinding. Durable, sharp ceramic burrs will never rust and will not affect the flavour of the beans.

With a silicone base to prevent slipping and detachable burrs, it is suitable for a range of brewing methods including paper filter, syphon, and French press.

Size: W145 x D52 x H200mm

Burrs: Ceramic

**Pour-Over Stand**  
VSA-1B

The V60 aluminium single stand is practical and durable. It has a antislip surface for stability and to protect your counter surface. Dimensions: W120 x D136 x H168mm

**NEW**

**Measuring Spoon**  
M-12-MB

Hario V60 Measuring Spoon features the classic V60 textured sides and fits approximately 12 grams of coffee.
